

**Task Force on “Understanding New Directions for the National Household Travel Survey”**  
**Call for posters on innovative uses of the NHTS for TRB 2016**

The Task Force on “Understanding New Directions for the National Household Travel Survey” (ABJ45T) is calling for posters showcasing innovative uses of the National Household Travel Survey (NHTS) for presentation at the Transportation Research Board’s 95<sup>th</sup> Annual Meeting on January 10–14, 2016, at the Walter E. Washington Convention Center, in Washington, D.C.

We are particularly (but not uniquely) interested in research, case studies and analyses that use the NHTS (possibly in combination with other large datasets):

- to understand travel of disadvantaged groups; or
- to analyze transit or active transportation modes; or
- to analyze salient environmental or energy issues; or
- to characterize rural trips; or
- to better understand traffic safety; or
- to analyze public health topics related to transportation; or
- for disaster management; or more generally
- to answer questions of interest to MPOs, DOTs, and other agencies.

The objective of this poster session is to bring together planners, analysts, policy makers, and potential users of NHTS data to share / learn about innovative applications of the NHTS. For guidelines on how to present a poster effectively, see <http://onlinepubs.trb.org/onlinepubs/tcrp/tcrp78/prestips.htm>.

Please email a poster outline consisting of a 200 to 300 words abstract with a title and authors’ contact information to [abj45tPostersTRB2016@gmail.com](mailto:abj45tPostersTRB2016@gmail.com) by Friday, September 4, 2015.

Authors will be notified of acceptance by Friday, September 18, 2015 and will be asked to confirm their participation by Friday, September 25, 2015; at least one author of each selected poster will need to attend the poster session in person. Sales presentations on products or services will not be considered.

This call is outside the usual TRB website and paper review system. Proposals do not need to be submitted using the on-line system and no paper is required to participate in this poster session. For questions, email [saphores@uci.edu](mailto:saphores@uci.edu).
