Households were selected from the postal service's list of residential addresses. By selecting households randomly, we will be able to create scientific estimates about the households in America. Your number will not be used for any purpose outside of this study. Although we will not be using autodialing features, we are still required by the Telephone Consumer Protection Act to obtain your consent if the system may be capable of autodialing. By providing your number you agree that we may call your household to complete the survey.

The U.S. Department of Transportation collects information about your travel to understand how well the roads, highways, and bus and rail systems are working and to plan for the future. We are asking you to please help us by taking part in this survey. Your answers help us build a snapshot of how, when, and why people travel in their daily lives.

The information you provide will be used to understand the transportation needs of your community and the nation. Participating is voluntary and your responses will be kept confidential. This survey takes about 8 minutes to complete. If you have comments or suggestions about your participation or this survey, please contact Michael Howell, Information Collection Clearance Officer, Federal Highway Administration, 202-366-5707, Michael.Howell@dot.gov, 1200 New Jersey Avenue, SE, Washington, DC 20590.
